THANKSGIVING

I have enjoyed many Thanksgivings and hope to enjoy many more of them. To me this is a day of remembrance and giving thanks to God for all He has given me.

For most people it is a day of stuffing themselves and having a merry merry time. To feast is not wrong because it is truly a day of feasting BUT to forget what it is about is wrong. Ask yourself do you on Thanksgiving Day think to thank God for letting you be an American? Aren't you proud? Are you worried about being embarrassed because other people don't thank God? Well, we shouldn't be Americans then if we are not proud of our country and of God.

It is high time we learn to be thankful for this day of joy and happiness because nowhere can you have the freedom that we have in THE UNITED STATES OF AMERICA. So let's all be thankful for Thanksgiving Day which should be close to every true American's heart.

THANKSGIVING MAGIC

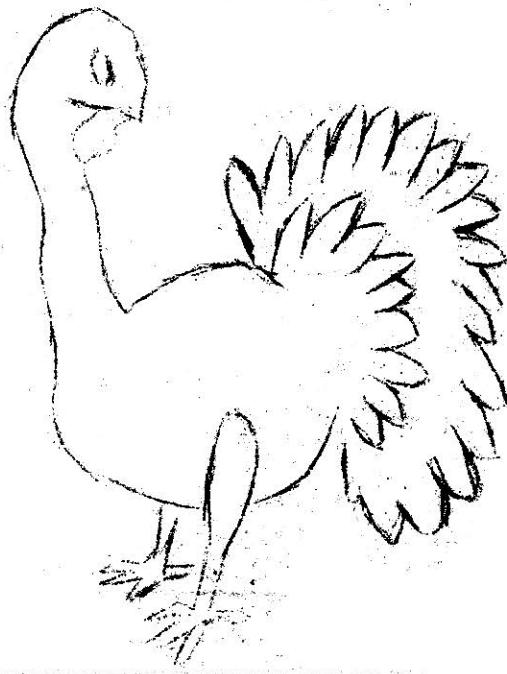

Thanksgiving Day I like to see
Our cock perform his witchery.
He turns a pumpkin into pie
As easily as you or I.

A HAPPY DAY

We're going out to Grandma's
When Thanksgiving's here.
She's sure to have a turkey
She does most every year.
And cake or pie or pudding
And everything that's nice.
Thanksgiving's such a happy day
I wish it would come twice.
