OUR FRIENDLY ATMOSPHERE

I started going to this school not long ago, and during the short time I've been here I have learned not having a smile for the passer-by is unheard of. A smile and the friendliness are two good features of our LAS School. I think that every one could find someone else with a thing or two in common.

I remember that a few years back, the grades ahead of mine in the States used to title us "The Babies" print - no news. A common phrase when some of my classmates passed our superiors was "Let's move along, the Babies are multiplying."

It is a wonderful thing to walk down the hall here and have a person of the upper grades say "Hi!" and start a conversation. I think I am going to enjoy our school.

Your Editor,
E.H.

SETTING GOOD SAFETY EXAMPLES

Dear Editor:

When riding our bicycles we should set a good example by showing some safety rules.

We often see bicyclists riding all over some busy or moderately busy street. We can set a good example by staying to the side of the road. Also, we see people on bicycles tearing out of a side road onto a street, without stopping or even slowing down to stop or slow down before coming onto another street we will be showing a good safety rule to the Pakistani People.

These are just two examples of occasions where we can show good safety habits. There are many more. Let's all try to show the Bicycle Safety Rules we know.

J.E.

CHRISTMAS HOLIDAYS

All the students of the Lahore American Society School will have almost a week and a half off to celebrate Christmas & New Years. The vacation will be from Thurs. Dec. 22, 1960 to Mon. Jan. 2, 1961. School will be let out at the usual time on Dec. 21, preceded by a 45 minute party in each grade, and will resume at the regular time Jan. 2, 1961.

We hope everyone will have a wonderful Christmas!

Asst. Ed.

* * * * *

DEAR EDITOR

I think that the lower grades should be a little more considerate of the upper grades during their recess. The upper grades have trouble concentrating on their studies above the noise.

GOOD NEWS

In the States, everyone complains that the papers print only bad news. The BLOWN FUSE intends to reverse this trend. Therefore, since we wish to print only goo news, and since no news is good news, we intend to

Severely yours,
The Editor

ARMOURED CARS

All students of the LAS are given fair warning to stay away from the armoured cars out by Knue's house. Several policemen are on duty and a couple of kids have almost been arrested there.

J.S.

- - - - -
FOOTBALL

THE LAS Angels are now playing football more than softball. The games are played on the FCC Campus. Everyone is invited to come and watch the games. Come on over!

THE DIARY OF ANNE FRANK

I advise you to go and see the movie, "The Diary of Anne Frank". It is about a Jewish girl, which takes place in Germany. The story is true; the characters, fictitious.

K.L.
