

## CHRISTMAS DAY

What fun we have on Christmas Day  
 Santa Clause is true they say,  
 Candles on the tree tonight,  
 Shine, shine so very bright,  
 Around the tree are lots of toys,  
 For happy girls and boys,  
 Singing songs so jolly,  
 Underneath the Christmas holly.

## JUMP ROPE

I brought a jump rope to school.  
 It is for everyone. It is fun to  
 jump.

## TREASURE

A girl's second best loved thing  
 in the world is her purse. It holds  
 more things than you would think of.  
 There are letters that wouldn't mean  
 a thing to anyone else but to the  
 owner. There is her wallet; it pos-  
 sses many treasures too. Her money  
 pictures and love notes. Then comes  
 her make-up that supposedly makes  
 her beautiful; that dreamy "Chanel  
 #5". There's her address book that  
 is jammed packed plus extra papers.  
 Then her built-in autograph book is  
 on the outside of her purse.

## BRADLEY

Bradley has been one of my friends  
 ever since I've been six years old.  
 I got to know him when I saw him  
 sitting in a tree. He lived across  
 and down the street about seven-  
 hundred yards. I had an air gun so  
 I charged after him yellin' and  
 screamin'. bloody murder and shooting  
 the air gun. Bradley took off yel-  
 lin' and screamin' for his Mom, but  
 I managed to "quarter" him.

We would play in his tree any-  
 thing from monkeys to space pilots.  
 Our TV broke down one time too many  
 so I went to his house to see TV.  
 Bradley was still eating breakfast.  
 I was lucky then because I ate with  
 him. We are Pencil-Pals now and he  
 owes me a letter.

## HYBER PASS

The Khyber Pass is a famous pass  
 which connects the northwest fron-  
 tier of West Pakistan with Afghan-  
 istan. This pass is the most con-  
 venient, and modern route between  
 the Indian Peninsula & Afghanistan.

It has been of importance from  
 the military point of view, in  
 modern times. However, historically,  
 it was used less than other more  
 southern passes.

Khyber Pass is 33 miles long, &  
 in the narrowest point it is only  
 10 feet wide. Travel through the  
 pass is allowed only when soldiers  
 are stationed at the entrance. Tr-  
 avelers are protected from robbers  
 by police officers.

## CHRISTMAS NIGHT

When Christ our Lord was born on  
 Christmas Night,  
 The star in the heavens grown so  
 bright.  
 Three wise men came to Mary's side,  
 People came from far and wide.

Treasures they brought: gold, frank-  
 incense and myrrh.  
 And they came with haste to find her.  
 The three kings of Orient are;  
 They brought gifts from far, so far.

## FLAMING PEACH JUBILEE

Bake spice cake in layers. Cool.  
 Put the layers together with sweet-  
 ened whipped cream. Arrange drained  
 peach halves over cake. Center each  
 with light sugar lumps, soaked in  
 lemon extract. Pour brandy over it  
 and ignite for serving. It looks  
 beautiful and it tastes, Yummmmm!!

## MURREE

Murree is almost always cold. It  
 has some good points, though. You  
 can go riding almost every day. There  
 are beautiful mountains there. The  
 best hotel is the Cecil.

The best way to go to Murree is  
 by plane to Rawalpindi, taking a car  
 from there. Because the land in Mr  
 Murree is so hilly, there is no air-  
 port there. That is probably why  
 they don't have a railroad there  
 either.
